## **CUTICURA HEALS** ITCHY RED RASH

On Head and Face. Could Not Sleep. Formed Eruption. Lost All Hair In Three Weeks.

"My baby girl was only six weeks old when a red rash came on her head and face. It would itch so badly she could not sleep, and she scratched till the blood

came. Then it would form a sore eruption which dried up like dandruff. She had a lot of hair but in three 奉而 weeks she had lost it all, and she was very cross and fretful.

"Nothing seemed to do any good till I received a free sample of Cuticura Soap and Ointment. It gave her relief at once so I bought more and I used two boxes of Cuticura Ointment with the Soap and in three weeks she was all healed." (Signed) Mrs. James Cherry, R. ### Save the Babies

NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher

as it contains no opiates or narcotice of any kind.
